# ► Screenshot - dashboard

The screenshot displays a POS System dashboard with a dark blue header and a light blue background. The header includes a logo on the left and navigation links: MASTER, ORDER, SALES/INVENTORY, STOCK ENTRY, REPORTS, STOCK DAY CLOSE, and SIGN OUT. On the right side of the header, it says 'Welcome - raja Branch : Billing'. The main content area is titled 'Welcome To POS System' and is divided into three blue panels. The first panel, 'Total Sale's', shows 'Today's Total Bill Count: 1', 'Today's Total Amount: Rs 6.00', 'Today's Cancelled Bills:', and 'Today's Cancel Amount: Rs 0.00'. Below this is 'Amount Details' with 'Today's Total Cash Amount: 6.00' and 'Today's Total Card Amount: 0.00'. The second panel, 'Total Orders's', shows 'Today's Order Total Bill Count: 0', 'Today's Order Total Amount: Rs 0', 'Today's Order Balance Amount: Rs 0', 'Today's Order Cancelled Bills:', and 'Today's Order Cancel Amount: Rs 0.00'. Below this is 'Amount Details' with 'Today's Order Total Cash Amount: 0.00' and 'Today's Order Total Card Amount: 0.00'. The third panel, 'Order Delivery's Details:', is currently empty. At the bottom, there are six red circular icons with white symbols, each with a corresponding label in a red rounded rectangle: 'New Delivery' (motorcycle), 'New Bill' (bill with plus), 'New Order' (shopping cart), 'New Product' (shopping basket with plus), 'Sales Reports' (document with chart), and 'Check Stock' (database with gear). A vertical 'SYSTEMS' logo is on the right edge.

# Testimonials – Blaack Forest Cakes

Blaack Forest is a leading brand in the baking industry. The company manufactures and imports world class bakery and food processing equipments, apart from providing consultancy services for bulk automated kitchens and for innovative concepts. They Promote, chain of bakery cafe serves exclusive fresh cream pasteries.

## Business Challenge

Their bakery is a busy, intricate operation. Their techniques are incredibly precise, and the range of substances employed in their goods is enormous. There is far too much for any team to handle on its own, from collecting complete data on their raw materials as they are received to distributing orders to the appropriate consumers and everything in between.

## Solution

Bigdbiz solution created the most advanced technologically developed bakery ERP for the Blaack forest cakes. They can easily resolve all of the problems with the use of this ERP, and improving operational effectiveness is the main goal of ERP adoption in the bakery sector.

# Testimonials – Sri Ramlala Sweets

Sri Ramlala Sweets, located at Palayamkottai since 1960, is one of the leading sweet Manufacturers and Eatery based stalls in Thirunelveli. They make exclusive delicious sweets and market them at reasonable prices. They share treats throughout South India.

## Business Challenge

They struggle to keep up with rising competition, shifting consumer preferences, rising health consciousness, and maintaining high standards of quality. Very short ingredient and product shelf lives, environmental waste, and other factors reduce the already slim profit margin. To handle all these intricacies and run their firm more methodically, they require a skilled hand.

## Solution

To solve the aforementioned issues of Sri Ramlala sweets, Bigdbiz develops a most advanced technical ERP that helps to set up streamlined business operations with mandatory quality checks that ensure flawless and sweet results for your business.

# Testimonials – Sri Sastha Sweets

Get all different kinds of snacks like karaboondhi, special mixture, seedai, and milk sweets like mal pua, mundhiri alwa, modhi pak, etc. One of Madurai's top traditional sweets and snack stores is Sri Sastha Sweets. Enjoy the delicious flavours of a variety of sweets and snacks from this candy store.

## Business Challenge

They struggle to stay up with increasing competition, changing consumer demands, expanding health consciousness, and maintaining high standards of quality. Extremely short ingredient and product shelf lives, as well as environmental waste and other problems, all contribute to the already-thin profit margin.

## Solution

Keep track of the characteristics and quality of each production ingredient. Modify production planning to increase efficiency. Reduce waste by modifying recipes based on ingredient variability up until the point of production. Bigdbiz creates a cutting-edge technology ERP to help build up streamlined business operations.

# Testimonials – Sekhar Sweets

At SEKHAR SWEETS, They think good food and quality ingredients should be available to everyone at prices that don't cost an arm and a leg. Since 1988, They seen plenty of changes in the way people approach food and they could more excited to introduce new delicious sweets

## Business Challenge

Wholesale bakeries need advanced technologies like ERP for wholesale baking to optimize production and adhere to global safety requirements, and expand their operations. Ingredient Variability, Production Inefficiencies and Lack of Inventory Control are some of the challenges faced by them.

## Solution

Bigdbiz has developed an advanced technical ERP to streamline operations and access all details of corporate data and information on all aspects of the production process.
